**“Navigating through the challenges of switching to
intermodal freight”**

28.11.2023 09:30-10:30

ECTA, the European Chemical Transport Association, is planning to hold another webinar as part of its ECTA Zero Emission Knowledge Platform. Speakers from Den Hartogh, Bertschi and LKW Walter will discuss how to navigate the challenges of moving to intermodal freight, a well established method of removing the carbon emissions caused by moving freight by road.

The one-hour webinar will be held on 28 November, beginning at 09.30 CET. Full details can be found on the ECTA website at <https://ecta.com/product/ecta-zekp-webinar-navigating-through-the-challenges-of-switching-to-intermodal-freight/>.
