“Progress and challenges with the Zero Emission Vehicle transition”

14.05.2024 09:30-10:30

ECTA, the European Chemical Transport Association, is planning another webinar in its Zero Emission Knowledge Platform. The one-hour webinar, Progress and challenges with the Zero Emission Vehicle transition, will start at 09.30 CET on 14 May, with presentations from Volvo and the European Automobile Manufacturers’ Association (ACEA).
