

ECTA responsible care days 2025

The European Chemical Transport Association (ECTA) invites industry professionals to its ECTA Responsible Care Days 2025, taking place in Brussels, Belgium, as well as online.

ECTA Responsible Care Training Day 08.10.2025:

For the first time ever, ECTA will host a training day for SHEQ staff to educate and train about Risk Assessment (working at heights, confined space entry etc.) and Accident Investigation/Root Cause Analysis.

ECTA Responsible Care Workshop 09.10.2025:

Join ECTA for an interactive workshop about the use of alternative fuels, SQAS Revision 2025, Best Practice Guidelines, Changes to CSRD/ESG reporting and ECTA RC Update.

Both sessions will be held at the Sheraton Hotel Brussels Airport, offering attendees the opportunity to engage in interactive discussions and hear from expert speakers.

Participants who register for both days will receive an automated 50-euro discount.
